Just like the hot new trio in country music, this heifer is going to get your attention! Pistol Annie and her dam, Big Creek Addison, attracted lots of fans as they were undefeated this year in the cow/calf division, including Grand Champion pair at the Missouri State Fair A ROE Show. Let's not forget her sire was the popular Big Creek Indian Outlaw, who captured the Breeders Classic Champion award just two years ago, making Pistol Annie his first calf to sell. Along with the National Champion Angel, it's safe to say Annie comes from a long line of champions!

Jeannine is reserving one successful flush in this female at the buyer's convenience and she would also like to take her to Louisville for the National Show in November.

Presented by: Big Creek Charolais, Jeannine Doughty, Harrisonville, MO

Lot 2

LOT 2

Guaranteed Successful Flush

"Wow! What a cow!" A quote often overheard as Big Creek Addison and her calf, Big Creek Pistol Annie, made their way through the Ozark Empire Fair and Missouri State Fair A ROE Show to Grand Champion Cow/Calf honors. Addison is as picture-perfect as they come, whether that is as a yearling show heifer where she was nearly undefeated in the senior division, or as a two-year-old doing a tremendous job with her first calf. Here's an opportunity to add the genetics of this great cow to your herd to the bull of your choice. She's due to calve in the spring to TR Fire Water, and will be available to flush after calving.

Presented by: Big Creek Charolais, Jeannine Doughty, Harrisonville, MO and Hankins Farms, Jason Hankins, Willard, MO

This daughter of the Denver champion DR Revelation will grab some attention sale day and the attention of the winning ticket holder. Her dam is one of the top producers to descend from the famed Vanessa D029 cow family. She produced a full brother to this heifer last year that had an adjusted weaning weight of a fantastic 888 lbs!

Here she is, one of the first Mogo U23 daughters to sell! Outcross Full French pedigree on the top combined with the style and performance of the \$77,000 Thundering Wind on the maternal side with the legendary Fasttrack to aid in the maternal possibilities make this an extremely intriguing lot. The mating options on this female are unlimited. Snapshot has all of the qualities that made her sire U23 the talk of the show circuit. Tremendous rib shape, a huge middle, thick yet smooth and tons of awesome hair will have everyone wanting to take this "Snapshot."

I haven't seen her yet, but Hobbs says she is worth the wait. This stout January show prospect is sired by the popular Three Trees Wind 0383, a sire that has been well documented for calving ease along with tremendous eye-appeal. Her dam is one of those M6 Mark 7136 daughters that made the Bush Farms Dispersal a hit. Now, study the bottom side she goes back to the great #248 donor, the dam of the \$170,000 and \$50,000 bulls M6 Density and M6 Right Now!

You talk about pedigree; Freedom, Wyoming Wind, D040, Prime Cut, Duke 914 and the Elvira cow family. This powerful January will have many friends walking through the barn before the sale. Her sire Night Train combines the best of the National siring Freedom and a top 5J cow family. Her dam is a full sister to the AIJCA Junior National Grand Champion OBG Elvira 4303 and she was the 2009 Show Dam of the Year. This young heifer stood second in a strong class at the 2011 Missouri State Fair in her only outing.

Another deep-bodied, big spring of rib heifer from the L & N breeding program. Larry always brings some nice heifer calves out and this one will be no exception. Her sire is a Peterson Farms bred bull Im A Jammin, whose dam was the "choice of the herd" from the Stipe consignment to the National Sale. The dam of this heifer is sired by the past National Champion Bull PF Impressed 620 and goes back to the Liberty cow family that has been successful. Go talk to Larry Julian about this heifer, if you're not convinced she's that good, you will think that when you're done talking to him.

Summit Farms is putting together a set of females that will make your mouth water with envy. This daughter of LT Easy Blend is a prime example of where they are going. She is the right kind. She is correct, long, thick and structured like everyone wants them. Her Summit bred dam stacks up the pedigree combination of Grid Maker, 066 and the top donor program at M & M Charolais; the Wyoming Wind's out of Duchess 433. Give this female some serious consideration, she won't let you down.

**Selling Six Frozen Embryos to the sire of the Buyers Choice**

Milk and capacity! This donor is one deep-bodied, extremely big ribbed brood cow that you can use any kind of sire on. And that's the beauty of it, use any one of your herd sires to flush her and put that capacity to work. Not only that, but you will love the udders this female throws. Some of the best uddered young females in the Wooden Cross herd in Kansas are daughters of Miss Alliance 428. Now direct your attention to the insert picture and the ET daughter that will be in the sale ring at Kansas City. WC Penelope 1169 will be a featured heifer in the Wright Female sale in December at the ranch. She is deadly and so are the rest of her full sibs at the ranch. It's a no brainer; put the genetics of Miss 428 to work for you with six embryos out of her.

**Selling a Guaranteed Successful Flush**

This powerful daughter of Cigar is capable of out-producing any donor in the industry. Her 2007 daughter was the 2008 National Junior Chi Show Grand Champion Bred & Owned. Her next two daughters were in the Echo Nord show string. The next daughter (pictured), stomped through several shows in 2009 culminating with the Supreme Reserve Champion Heifer at the Kansas State Fair. Her next two ET daughters are featured in the 2011 Northern Exposure Sale for Big H Cattle and in the Ridder Farms "Show Girl" Sale on December 10th. Oh, and did I tell you that the dam of this great producer is the only full sister to Budsmiyad in the whole, wide world?

*"The Sisters"*

This proven donor dam is a flushmate full sister to JDJ Smokester and to the famous "Sisters" that were flush cows for several elite breeders throughout the U.S. This cow was the Harlan Brothers \$18,000 selection from the "Choice of the Herd" from DeBruycker Charolais program in Montana. Her first two bull calves had an average adjusted weaning weight of 728.5 lbs. and she then went into embryo transplant. There are sixteen progeny registered to her at AICA. These Cigar daughters put the performance into them. Turn your attention to her dam, yes that is the famous donor B309 "Miss American Beef." She has 107 progeny on the books at AICA. This donor dam does have some age, but is still sound and sells open ready to flush.
